

The Macon Street Department is responsible for ensuring the safety and maintenance of approximately 50-miles of public streets and the corresponding miles of alleys and rights-of-way.

Routine maintenance responsibilities include but are not limited to:

- Pot hole repair
- Snow removal
- Street resurfacing
- Storm water drainage (e.g. drop boxes, grates, ditches, culverts)
- Street sweeping (downtown area)
- Painting of street markings and traffic lane lines
- Street sign Installation and maintenance
- Removal of road-killed animals from the streets
- Inspection of new and/or revised existing driveways
